**ALL DIRECTORS / PARTERS - PERSONAL GUARANTEES**

Regardless of loan size, every Director or Partner with 25% or more of the shares in the business will need to complete the next part and ultimately sign a personal guarantee. We can usually obtain PG insurance if Directors or Partners wish to indemnify themselves. It is normal in year one to obtain insurance for up to 60% of the liability and this can increase to 80% in year two and onwards.

## **Final Information & Declaration**

Submit my Application

The information provided in this application will be shared with professional lenders in order to make a credit decision and potentially a business loan offer. It is important that all information provided is accurate as some of this may be required to be verified before any funds can be released.

A soft credit search will be carried out and we will submit your application to the best possible (and cheapest) lender at the outset. If this fails we will submit to the next best, until we have the best possible offer for you. A HARD credit search will be conducted if you decide to accept any offer or quotation.

All parties are registered under GDPR with the Information Commissioner and UNDER NO CIRCUMSTANCES will your private information be passed to any other party other than the broker, and the lenders under consideration.

This is a business loan and is not a domestic product and therefore not regulated by the FCA. Any decision to borrow is with the borrower, and their advisers, and is not as a result of any advice given by the broker or any lender.

**The information provided in this application herein are true and correct. I can confirm that I am either the lead partner or director, or the borrowers authorised representative, and I am duly authorised to submit this application and duly authorise Churchill Private Finance Limited and any lender to run soft credit checks. \***
